## News & Updates from WasteCap Resource Solutions

### Latest Recycling Results

WasteCap Resource Solutions' projects have diverted **386,369 tons** of construction and demolition waste debris. Discover just how many pounds per person and trees we have saved to date [below](#).

### WasteCap Brings Back Talk & Tour Program

After a 3 year hiatus, we are excited to bring back the Talk & Tour Program! Our first event of the series will take place on October 4 at UW Oshkosh. Please join us as we discuss the green strategies employed during the demolition and construction of the new academic building, Sage Hall. A guided tour of the building will follow the discussion. You won't want to miss this event, click on the program logo below to register!

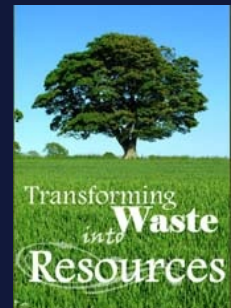

### WasteCap & WGBA Partner for September Training Course

Please join us in Madison at Monona Terrace on September, 20 as we partner with WGBA to host a day long training and accreditation course. You will learn to develop, manage, monitor, document and promote a successful recycling program for construction and demolition debris. Participants will receive a three year Accreditation in Construction Waste Recycling and LEED AP's are eligible for 7.5 CEU's through USGBC.

## New Team Members

**Rob** is currently a senior at UW-Milwaukee majoring in Supply Chain and Operations Management. He enjoys watching all the hometown sports teams, playing cards, and playing basketball along with many other things to keep active. Rob also likes spending time with his family at their Grandma's cottage up north on White Potato Lake. He has enjoyed the first few months here at WasteCap and looks forward to continuing.
